General provisions

The above-mentioned pension fund confirms that it fulfils the statutory requirements of the SFP Investment Foundation. It is exempt from direct federal tax and fulfils the requirements in its canton of domicile to be eligible for the pension schemes to utilise the cantonal tax advantages reserved for them.

If necessary, the management of the SFP Investment Foundation may divide committed capital into several instalments. can be called up. With each capital call, the investor is allocated investment group entitlements in accordance with the relevant NAV.

Capital calls are made with a notice period of seven calendar days. As part of the capital call, investors are informed of the amount called, the value date and the payment instructions. As soon as the issue price has been calculated (no later than 60 bank working days after the end of the quarter or the issue date), investors will receive a corresponding statement showing the number of newly issued entitlements.

The custodian bank of the investment group SFP AST Global Core Property Hedged CHF is authorised by the investors to disclose the number of entitlements in the custody account to the SFP Investment Foundation, in particular for the purpose of monitoring the investor base and with regard to the investors' meeting.
